### Foreword

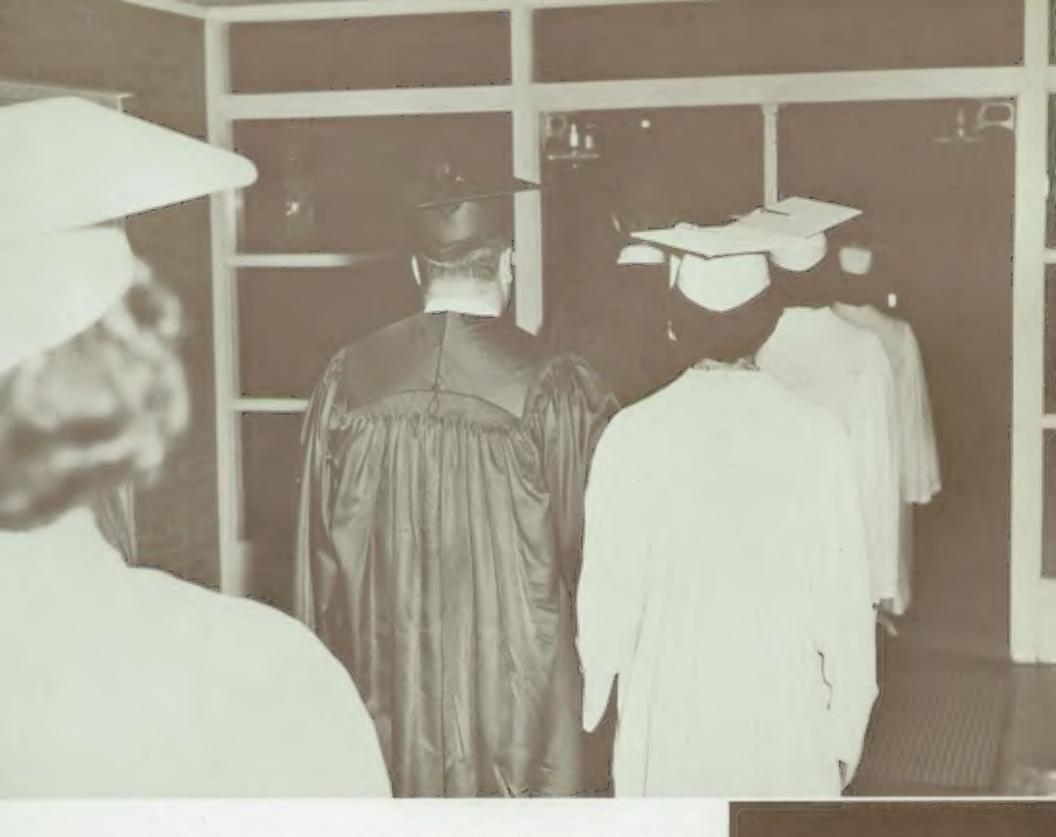

Education is the door to a successful future. A student who aspires to unlock this door to success takes full advantage of the educational resources available. Such resources will aid him in finding his own talents, make him aware of his limitations, and assist him in making wise decisions.

The first phase of this formal education begins for each kindergarten pupil as he hesitantly enters school for the first time and continues until that eventful day when he completes his high school education and marches resolutely from the commencement exercises to the strains of "Pomp and Circumstance."

During this thirteen year journey, each student develops academically, socially and physically in preparation for adult-hood. Through formal course study, the student gains knowledge. It is only after study and evaluation that he establishes his own point of view. Through contact with other students between classes, at dances and parties, in the planning of extra-curricular events; each student develops a social acceptance. By taking part in both formal and informal physical activities, he develops a strong and healthy body.

The journey can be self-satisfying, beneficial, and pleasant for the student who realizes the value of education. The door to success does not stand open. It takes effort-constant effort-on the part of the student to "push" it open.

And now we take you on a pictorial journey through the "doors" of the school year 1962-1963 presenting the highlights

of the year's activities.

"Traditional events" -- the major events of the yearalways create an air of excitement and are looked forward to with anticipation. "School spirit, "on the part of both player and spectator, provide that "will to win" in one and all athletic events. "Friendliness," those common everyday courtesies, create a sense of belonging.

The ''doorway'' to understanding'' is opened through the aid of administrators, faculty, school personnel, and by taking

advantage of the educational resources.

The "doorway to leadership" is opened by taking part in extra-curricular activities. To assist in the planning of and by assuming equal responsibility for an activity to its culmination, creates leadership qualities.

The "doorway to friendship" is opened by giving of yourself. The friendly "Hi" to classmates and others, assisting an underclassman in a difficult situation, showing courtesy to the faculty and school personnel, result in a feeling of togetherness.

Sports mold character better, perhaps, than any other human endeavor. The ''doorway to character'' is opened by each participant who realizes that loyalty, unselfishness, patience, submissiveness, and sportsmanship are all necessary to create that winning formula and should also prevail in defeat.

Our pictorial journey ends with the advertisements of the business establishments of Brown City and vicinity. Their "willingness to serve" opens the door to a better life.

### Homecoming Events Arouse Much Interest

The second annual Brown City Homecoming was successful again this year. The students worked very hard building floats for

the big parade through town.

The Homecoming commenced with a parade through town and ended at the football field. Shiny convertibles drove the Queen candidates to the football field where Carol Campbell was crowned Homecoming Queen for 1962 by last year's queen, Margaret Kreiner. Queen Carol and her court reigned over the football game which was with Anchor Bay, and the Green Devils won by a score of 15-13. This victory topped off the big occasion, and Queen Carol reigned over the Homecoming dance that followed the game.

Carol has just been crowned Queen and Mr. Mills is about to present her with red roses.

Sophistication.

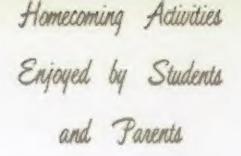

Each class had its own queen candidates: Seniors: Carol Campbell and Berneda Swailes, Juniors: Gayle Groat and Janet Foster. Sophomores: Shirley Stevens and Glenda McCumons. Freshmen: Ruth North and Bonnie Sakuta.

Queen Carol is driven around the football field by her escort after learning that she is the '62 Homecoming Queen.

The first prize float, won by the Eighth Grade Class, represents the underlying theme of the Homecoming Football Game

The Freshmen's "Drumming Up a Victory" float won second prize, and the drum tells the outcome of the football game.

The annual affair was topped off again by the Homecoming dance in the multipurpose room with the Hi-Spots providing the music for the evening.

The Brown City High School Band is marching up Main Street to open up the big Homecoming festivities.

### "Jen Little Indians" Meet Their Fate

"Ten little Indians" refers to the nursery rhyme telling how each little Indian met his death until there was none.

Eight assorted guests are invited to a weird house on an island off the coast of Devon. They have never met their host, nor has the housekeeper or the butler.

The first night they are there, a mysterious voice accuses them all of murder. Then the excitement begins as one by one the "Indians" are killed off. The play is full of clues, suspicions, and terror until the killer is revealed just as he is about to kill the last two "Indians."

## Little "Graduates" Complete First Year

Kindergarten Graduation is another one of the many fine traditions practiced here at the Brown City Community School. It started the year after this year's graduating class of "1963" had completed its year in Kindergarten.

Graduation to each little "graduate" is very important because it signifies the titisfactory completion of his or her first year of school. Many parents are busy with cameras taking pictures of their child to make clearer the memory of this exciting occasion.

## An "Evening in Paris" Decor Accents the Junior-Senior Prom

Approximately 120 students and faculty members enjoyed "An Evening in Paris," which was the theme at the prom on May 25 in the Brown City High School gymnasium.

The Juniors decorated the gym with various shades of pink streamers for the walls and many war a blue crepe paper for the ceam.

The decorations were accented by a sidewalk cafe along on—side of the gym and the Eiffel Tower in one o the corners

The "Statesmen" from Port Hur on provided the music for the evening and the refreshments consisted of punctional and cookies.

### Junior-Senior Banquet Provides Nourishment, Inspiration, Entertainment

The Junior-Senior Banquet was held in the multi-purpose room on May 11. A delicious ham dinner was served by the Sophomores and was en-

joyed by all.

The welcome was given by Dale Willer, Junior Class President; and the response was given by Dale Shephard, Senior Class President. John Trowbridge served as toastmaster. Entertainment was presented by Alan Nagy, Charlotte Bitel, Nancy Mills, Stella Terpening, and Diane Muxlow. Mr. Chir. 4 Pittmen was the speaker for the evening.

The Juniors did an excellent job of planning the banquet, and it proved to be a very enjoyable evening.

Spirit - Jean Effort and Spectator Provide the Will to

Every sen or needs spirit to back its teams in the various sports events. It's important to a winning team to know the convers really rooting for them. The crowd isn't the only foctor representing spirit in our school. In a vota to spirit is important, too. Long teions a pane begins, the techniq of spirit starts to mount.

### Friendliness - Common Everyday

Feeling of

In a school our size, it is very important that we have a friendly atmosphere. Students working together tend to create this warm feeling. Young people enjoying themselves in school and other related areas also add to the friendliness here at B. C. H. S. One doesn't have to look far to see that friendliness is always around those who cooperate and act in a pleasant manner.

Common everyday courtesies play a very important role in the friendly itmosphere to the real phases. He pind one another, whether its opening a foot, passage and the clypacking pisomeones, it in books, is supposed which is an asset that all should possess. We all like to be around perposed are are made to the first opening of friendliness will always be present here at Brown City High School.

### Dedication

There was a lot of time and hard work put forth in preparing this yearbook, but no matter how busy Mr. Nordin might have been, he would always stop to point out anything upon which we might need his assistance.

Although the yearbook staff was supposed to do the actual work involved in preparing the yearbook, Mr. Nordin always helped with the work, too, whether it was preparing copy, typing material, or pasting on pictures.

### To Mr. Nordin

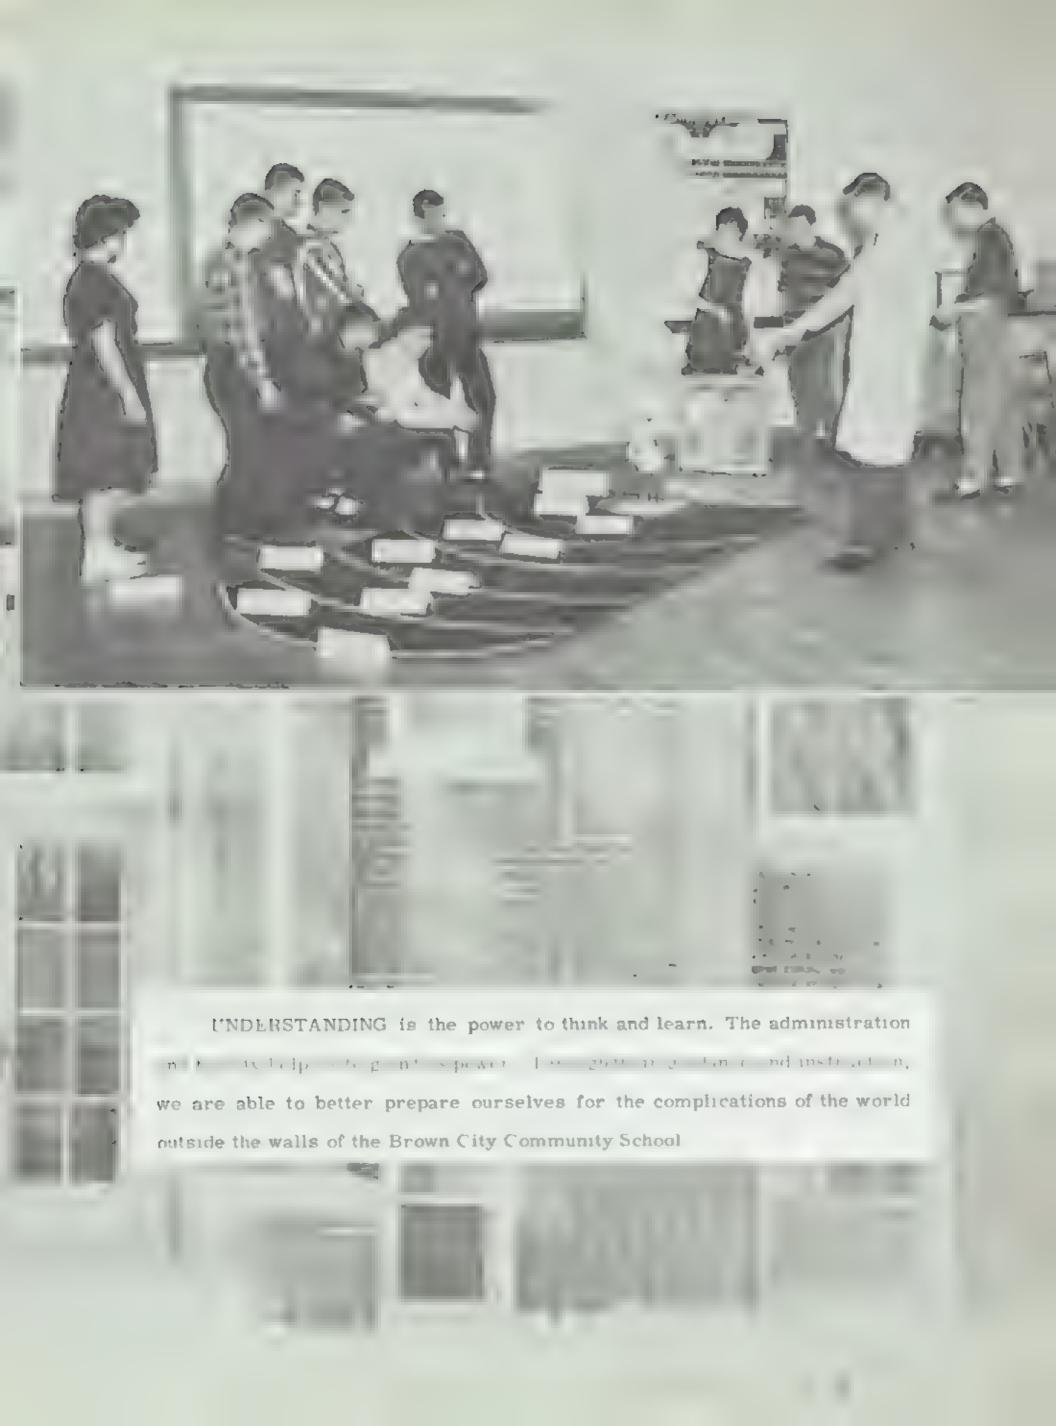

One of the greatest rewards of working on a yearbook is to be able to dedicate your work to someone who has given their time and effort for you. The person chosen by our staff to receive this honor spent much of his time to attend our meetings to see that things were going right.

For ten years, he has helped our yearbook staffs realize the true meaning of responsibility, and accept it. At numerous times we felt that the job of producing a yearbook would never be complete. But we knew we had a deadline to meet and he gave us that extra push of enthusiasm that encouraged us to finish on time. There were many times when our minds seemed to be a total blank. He helped us draw ideas from these blank minds and develop them into another page of the "Breeze."

During the years, we regarded him not only as an understanding teacher, but also as a wonderful friend. With many thanks for your guidance and assistance, we the staff of the 1963 "Breeze," wish to dedicate this yearbook to you, Mr. Nordin.

In his second year at Brown City, our superintendent, Mr. Leonard Mil., has his eye on the overall picture here at Brown City. Mr. Mills is always busy desing with the problems contemting on selection. Yet he still his time to lend a helping hand to other people.

Mrs. Betty Quirk, secretary to Mr. Mills, is an indispensable part of a smooth-running office. She is responsible as well as a favorite with the students.

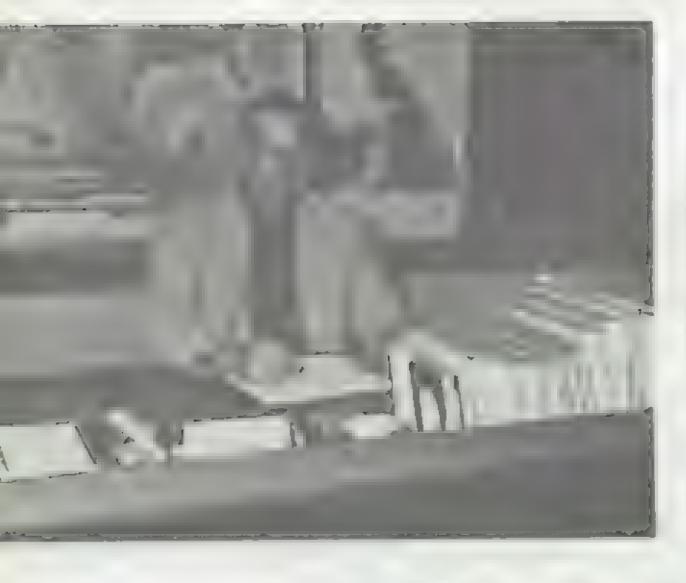

keeping his productly with the students while being responsible for enforcing school remarkable has a lateral and he always has time to listen to everyone's problems

Miss Charlotte Young is most contented when she is at her type writer, or when she has a problem. She is always on the job with a smile for everyone and the students know her well.

The bus drivers are important to the school and they carry a great responsibility on their shoulders. It is their duty to see that the students behave while riding the bus; but more important, they must make sure that the students get to school safely and on time.

Norm Morrison, our bus mechanic, also has a ponsibility to the school. His job is to keep the busses in good repair and eliminate breakdowns on the road

warker.

### Health 9s All Important

Mrs. Irene Schwaderer, school nurse, is familiar to each student. As school nurse, Mrs. Schwaderer conducts periodic hearing and sight tests for the elementary students and participates in the vaccination and innoculation programs. She also helps the classroom teachers in the teaching of health to the students.

Piano and organ lessons are given to students at school by Mrs. Welke and Mrs. Burke in cooperation with the school. The teachers give the students lessons at school during the student's free period. This makes it unnecessary for the student to go to the teacher's home or the teacher to go to the student's home.

Brown City High School provides a fine hot lunch program in clean and modern surroundings. The cooks always seem to do a good job of keeping the students well fed.

Lunch is served each day in the multi-purpose room of the elementary school to an average of 250 students each day. The elementary children were served at 11:25 and the high school students and teachers were served starting at 12:07.

This Boys' Orientation class with its instructor, Mr. Dye, seems to be a lively one. The class is required for all freshman boys and its purpose is to better equip them to tackle both social and academic problems that they will come up against in school.

Mrs. Mills is the Girls' Orientation instructor. The curriculum for this class is much the same as that for the boys. This course is also required for all incoming freshman girls. The girls enjoy learning to dance, which is one of the things that they study during the year.

Guidance Helps Establish Our Aims In Life

Mr. Robert Dye, high school counselor, helps students solve their varied social, personal, and academic problems. Mr. Dye is always happy to help students apply to college or for a scholarship.

Here Evart Stevens and Harold Burroughs review the merits of the University of Michigan while Mr. Dye defends good old MSU.

The American History and Government classes were taught again this year by television, the program originating at Central Michigan University, Mt. Pleasant, Michigan. Half hour classes were presented on three days of the week by a television teacher. The rest of the class time was spent discussing the lesson and current events.

The classroom teachers in American History and Government were Mr. Christiansen, Mr. B. Swayze, and Mr. Dye.

### We Learn from the Experiences of Others

Vicki Moseok and Jeannie Nagy follow the space flight of Scott Carpenter.

World History was taught to tenth graders this year by Mr. Woodcock. Their study of history was combined with current events to make them a well informed class.

English was taught this year by Mrs. Wood and Mrs. Sheridan. Two years of English and one of American Literature are required for graduation. English Literature is offered in the twelfth grade to those students who are interested.

French was taught this year by Mr. Wood-cock, and it proved to be a very challenging addition to the curriculum. The students who took the course found it very interesting. They not only learned the language but also the customs and history of the country.

### Learning to Communicate

The library is an important help to each student. The students not only use reference books to help them with their studies, but they also find books that they can read for their own pleasure. Mrs. Mills, who is the librarian, does her best to satisfy each student's reading needs.

### MATH AND SCIENCE ARE INTERESTING TO ALL

The Mathematics and Science Departments are two very busy ones. Since more and more students are going to colleginow, the science and math classes are always filled.

### HOME FUNDMICS PREPARES THE FUTURE HOMEMAKER

Homemaking I is a required course for each freshman girl. In Homemaking I, the girls study cooking, sewing, and many other subjects connected with home management.

Some girls enjoy Homemaking so much that they take it for two, three, or even four years. These more advanced Homemaking classes deal with more itselficult cooking and sewing and with budgeting, home management, child care, and family relations. These girls are well prepared to begin making a home of their own.

### COMMERCIAL STUDENTS STUDY BUSINESS

The Commercial Department is a very active one in Brown City High School. This department offers the student an opportunity to become proficient in many skills such as typewrith the skeeping, shorthand, filing, and office machines. Many girls who have taken a commercial course in high school find good secretarial positions when they graduate. Some, of course, go on to a commercial college to raise their skills even higher.

Journalism is an important part of the commercial department. The school paper, which is read by almost every student, is published and distributed by this class.

Physical Education is an important part of a boy's high -hool edu ation. The boys will v competing against each other in the many a tivities in w ich they participate. Some of the activities are soccer, basketball, volleyball, bowling, wrestling, tumbling, ping pong, and many others

STUDENTS EXHIBIT THEIR MUSICAL TALENT

The Music Department at Brown City High School offers many opportunities for artistic development. The band, under the direction of Mr. Wendell Meakin, plays for many of our school activities.

The concert band plays at both the spring and winter concerts and at a concert in which many area school bands are represented.

The marching band plays at all home football games, Michigan State Band Day, and many parades, at home and away. The band also features a fine dance band and a pep band that plays at pep assemblies and basketball games.

The chorus is under the direction of Mrs. Mildred Sheridan. In class the girls sing to learn and for their own pleasure. At the spring and winter concerts they sing for the pleasure of others. The chorus also sings at the religious semblies held at Easter. Thanksgiving, and Christmas.

## Student Librarians Are Necessary For A Well Organized Library

A well-organized library helps students with their work. Librarians help locate books for students, and keep the books in the library in proper order.

Librarians are able to attend a conference each year. Here they learn of various fields open for a future career as a librarian.

The school librarians and other students, who wish to learn about library work, belong to this well appreciated club.

The Bible Club strives to develop a greater religious interest on the part of the students. They recognize that religion plays an important part in creating harmony in the souls of men.

The club sets assistance from the local clergy and from church strictals who speak at the meetings and aid in songfest. Besides the regular meetings at the school, the club holds mustings in the homes of members.

### Seniors Go On "One Last Fling."

The Senior Class had a "Senior Day" on May 24. They left about ten o'clock in the morning and took a picnic lunch to eat at a park in Utica.

After lunch, they continued on to Detroit and then went to see "The Ugly American" which was showing at one of the theaters After the show, they had some free time to do with as they pleased and to eat.

They then went to the Walled Lake
Park where they enjoyed themselves with
rides at the amusement park and dancing at
the Casino.

## Varsity Football Squad Shows Jeam Effort in Setting .625 Season

On the left is Harold Burroughs who was elected team captain this year and Larry Stephens who was voted the most valuable player. They both did an outstanding job for the team.

The Brown City Green Devils ended the 1962 football season with a 5-3 season record which was more than satisfactory

Al Nagy, in his first year as starting quarterback, did very well as he passed 27 completions against only 34 incompletions for 342 yards and a .401 percentage. Alvin Martus caught by far the most of Nagy's passes. He snared 13 of the 27 completions and gained 196 yards while he was at it. Bob Kennedy, one of the better halfbacks in the league, ran for a spectacular 508 yards rushing in 86 attempts for a 6 yard average per carry. Bob Lints, the sophomore fullback was close behind with 458 yards rushing in 85 carries for an average of 5.4 per carry. Larry Dougherty came on fast after not playing the first three games to gain 325 yards rushing in 42 carries for an average of 7.73 yards, the highest on the team.

These boys couldn't do the running without the blocking up front which consisted of Ray Graham and Harold Burroughs at guards, Ken Miller and Hugh Burton at tackles, Bill McNally at center, and Larry Stephens and Alvin Martus at the ends.

The defense also sparkled this season as Ken Miller, Hugh Burton, and Cliff Nordin led this rugged unit. Ken and Hugh each had 69 tackles this season and Cliff was right on their heels with 67.

The following boys made the All-League Team: Harold Burroughs, Larry Stephens, Bill McNally, Bob Lints, Bob Kennedy, and Hugh Burton. They did a great job for the Brown City team.

### Devils Set Jen New Records

The Brown City Green Devil squad set ten new school records this year as they ended the season with a winning record. The Devils won ten games and lost only eight.

Al Martus, one of the area's leading scorers, set four new records. All four records pertained to scoring. He has scored more points than any other Brown City player. The team also scored 1,035 points which also set a record. They also scored 91 points while beating Almont for another new record.

hen Brown was the leading playmaker on the team as he fed his fellow teammates a total of 54 times which went for baskets. Ken, Al Nagy, and Arden Lobstein also provided the spark in the team as they came close to the record of most assists in a season.

Ken Miller led the regulars in free trace v percentage with a . 696. Larry Steprens led in field goal percentage with a very 1.

Miller led the team in rebounds Al Martus swept the boards 164 times to lead the team. Larry Stephens was a very close second as he gathered in 155 rebounds.

### Brown City Harriers Finish Third In League

LARRY STEPHENS WINS LEAGED AND REGION HIGH HURDLES RECORD

Larry Stephens shows the perfect form which won him the Outstanding Trackman trophy for the 1963 season.

The Brown City Green Devil track team completed a most successful season by placing third in the league and very high in regional and state meets.

Many new records were set which will take some great athletes in the future to break them.

Ed Kocon set a new record of 2:08, 6 minutes in the 880 yard run which had previously been one of our long standing records.

Alan Nagy also broke the old school high jump record of 5 feet 7 inches with a leap of 5 feet 10 inches.

Larry Stephens turned out to be the outstanding trackman in the history of Brown City. He broke and rebroke many records and set three different records in the same event. He owns the league record of 16.2 seconds for the high hurdles set at New Haven. He also set the regional record with a 15.85 seconds clocking. Then in the final meet, the State meet, he turned in a magnificent 15.55 seconds clocking for the high hurdles which was to earn him fifth place in the state and the new school record which he had already broken several times. Larry was also a very consistent winner in the low hurdles.

the spectators. He can really move!!

Alan Nagy's track versatility made him an indispensable trackman.

Jack Sauder is always an aggressive contestant.

Alan's specialty was the high jump.

Larry Stephen's had a habit of breaking tapes.

Al Nagy's peculiar high hurdle form attracted the attention of the spectators.

larry Stephens' physical stamina provided the winning punch.

Bob Lints's determination made him one of the outstanding trackmen.

### Cross Country Jeam Rarely Defeated

This years Cross-Country team was one of the best in the schools history. Led by Ray Childers, Ray Burgess, and Terry Muxlow, the team was rarely defeated and placed very high in Regional and State contests.

Ray Childers, who now holds the school cross-country record of 10 minutes 29 seconds, led the team all through the season. He was strongly supported by Ray Burgess, who was usually second only to Ray Childers. Also adding support, which could not have been done without, were Terry Muxlow, Robert Albertson, Hollis Armstrong, Tom Hall, and Doug Childers.

Congratulations go to Coach Noftz for forming sulfatine team.

### Cross Country Requires Stamina

Cross-Country is a unique sport. It is different from others in several ways. First, it is run over a two-mile course. Secondly its scoring is completely different, the team with the lowest score wins. The method of scoring goes as such: The first place man gets one point, the second place gets two points, the third three and so on. When the meet is completed the first ten men on each team add up their points and the lowest resulting figure wins.

Hurry-up, Holly!!

Ray Childers broke the school record running the two-mile.

## CHUCK WAGON

Dryden, Michigan

The staff wishes to add a special thanks to Don Webber for his photographic ingenuity and for assisting us in other ways in the production of THE 1963 BREEZE.

Mr. Lukacs is always hard at work.

Santa Claus never forgets good little boys.
